# HOW CAN SHENANDOAH HELP MAKE THE PRO'S JOB EASIER?

Shenandoah has your back. That's why we have the best tools, the largest Field Sales team and dedicated Customer Care associates to help you get your job done.

## THREE WAYS WE CAN HELP:

- 1. PRODUCT QUESTIONS** - Have questions about anything we sell?
- 2. ORDER DETAILS** - Need to know when an order is scheduled to deliver?
- 3. AFTER DELIVERY** - Is there something we missed or something else you need to complete the project?

Your Field Sales Rep might be your first call, but we have a full-service Customer Care department ready to help.

## TRACK YOUR ORDER:

**WEB:** [orders.shenandoahcabinetry.com](https://orders.shenandoahcabinetry.com)

**EMAIL:** [customercare@shenandoahcabinetry.com](mailto:customercare@shenandoahcabinetry.com)

**PHONE:** 1-855-569-7862

Monday through Friday 8:00 a.m. – 8:00 p.m. EST  
Saturday 8:00 a.m. – 6:00 p.m. EST.

## LIFETIME LIMITED WARRANTY

We're so sure you'll love Shenandoah Cabinetry that we back our products with a Lifetime Limited Warranty.

See [shenandoahcabinetry.com/warranty-information](https://shenandoahcabinetry.com/warranty-information) for details.

## EXPRESS MANUFACTURING AVAILABLE FOR WHEN YOU NEED IT FAST

Timing is vital in the construction industry to ensure project deadlines are met. Shenandoah Pro understands just how important it is for every piece of the puzzle to come together at the right moment. That is why Shenandoah Pro offers an Express Manufacturing Option to better help contractors.

## WHAT IS EXPRESS MANUFACTURING?

The Express Manufacturing Option ensures that an order will be built and shipped in 10 business days from receipt of a clean order.

- Express Manufacturing is roughly \$10 per cabinet (varies by SKU).
- Only Shenandoah Pro customers are eligible to select the Express Manufacturing Option.

**FINISHES &  
CONSTRUCTION**

# A WIDE RANGE OF SPECIES OFFERED IN THE LATEST COLORS AND FINISHES

## Maple

Maple is a wonderfully versatile finish, because it works for nearly any style. It can range from white and blonde tones to reddish brown ones. It has a beautiful grain, which will become more prominent when stained. The lighter finishes also tend to become golden with time.

## Cherry

With its pin knots, sap pockets, and lovely grain variations, cherry is a classic favorite. Ranging from pale yellow to deep reddish browns with occasional shades of white, green, pink or gray, cherry has a timeless feel, and looks rich and deep when stained. As with most hardwood, cherry darkens gradually over time.

## Painted

Painted finishes feel fresh, crisp, and clean. To achieve this finish, we apply paint to a blend of hardwood and engineered materials. This creates a finish for your cabinets that is durable and features a consistent coverage. The paint color may change slightly over time, and you may notice visible joint lines, caused by expansion and contraction over time.

## Glazed

A glazed finish adds personality, depth and dimension to the wood. We hand-wipe our glazes onto each door and drawer. That allows the glaze to settle naturally into corners and grooves. This creates the lovely contrast that glazes are known for. A glazed finish feels unique, and part of its charm and appeal is that no two doors will be exactly alike.

## Duraform

If you're looking for durability, and a cabinet that is easy to clean and won't warp with moisture, Duraform is a great option. Duraform uses the latest technology to bond a finish to composite wood. Choose from six different colors, from crisp linen to the rich, dark look of the Cascade textured finish. Textured finishes have a consistent look and provide exceptional stability.

## NO TWO DOORS ARE EXACTLY ALIKE

Whether you choose natural wood or a painted finish, you will find unique results that make your kitchen your own. Since wood expands and contracts, joint lines can appear, which add to the charm of wood cabinetry.

# STANDARD CONSTRUCTION OPTIONS BUILT WITH AMERICAN PRIDE AND CRAFTSMANSHIP.

## SOLID WOOD, KILN DRIED FACE FRAMES

We take extra steps in manufacturing because we know how important quality is to you and your customers. Our cabinet face frames are pressure-fitted and mechanically fastened ensuring structural integrity for years to come.

## DOVETAIL CONSTRUCTION

Like high-end furniture, our 5/8" solid wood dovetail drawers meet KCMA industry load standards. The dovetail manufacturing technique ensures a secure, strong and longer lasting box that will hold up to your toughest customer.

## FULL ACCESS HIDDEN® GLIDES

Our glide system has a larger weight-bearing surface that creates a smoother and quieter gliding motion. The drawer box clip has an advanced feature making drawer front adjustments quick and simple.

## CUSHIONCLOSE® SYSTEM

With the Shenandoah CushionClose system, drawers, doors and rollouts close silently and effortlessly. Your customers will appreciate the soft-close mechanism and the whisper-quiet operation in their kitchen or bath.

# CONSTRUCTION UPGRADES MAKE YOUR PROJECT UNIQUE AND FUNCTIONAL.

## ALL PLYWOOD CONSTRUCTION\* UPGRADE

Upgraded all-plywood cabinet sides, shelves, cabinet backs, toe kicks and hanging rails are the ultimate in durability and stability and add to the value of your investment.

## FURNITURE ENDS UPGRADE

Thicker plywood sides on exposed cabinet ends give your cabinets the finished look of fine furniture, make molding installation easier and faster.

## INVERTED FRAME

Available for most standard base cabinets, base cabinets with factory installed wastebasket(s) and base pot and pan organizer cabinets.

## INCREASED DEPTH AND REDUCED DEPTH

Reduced Depth cabinets are available in 1" reductions; minimum cabinet depth is 4". Increased Depth cabinets are available for most Wall cabinets up to 36" wide.

## MATCHING INTERIOR

This option matches the cabinet's interior to that of the cabinet's exterior sides. Available for wall cabinets, utility cabinets, vanity linen cabinets and refrigerator return panels.

## RECESSED TOE KICK

Recommended for cabinets at the end of a run, especially in island and peninsula designs.

\*All Plywood Construction refers to the cabinet box components and shelving as detailed in our specification guide ([Lowes.com/ShenandoahCabinetry/SpecGuide](http://Lowes.com/ShenandoahCabinetry/SpecGuide)). Plywood components meet the Hardware Plywood & Veneer Association's standards for hardwood and decorative plywood ([www.hpva.org](http://www.hpva.org)).

# ACCESSORIES & ORGANIZATION

# DECORATIVE ACCENTS AND MOLDING CREATE A CUSTOM LOOK FOR YOUR PROJECTS

Molding stacks, glass inserts and decorator doors take a standalone wall cabinet from ordinary to elegant.

A matching range hood adds visual focus, style and functionality to cooking areas.

Heighten the sparkle of custom glass inserts by accenting with matte black drawer pulls.

Matching interiors add to the beauty of glass doors with complete, seamless color.

Corbels, decorator doors and furniture toe kick molding work together to add glamour to an island.

With furniture legs and finished shelving, you can create a furniture style buffet that matches the cabinetry in your kitchen.

Cabinets take on a custom look when you combine stylish hardware with a light rail molding.
